

I am Tiffany Tracy McTaggart, Tiffany, Princess of Lancashire and next in line for The Throne of The British Empire Worldwide and I have overwhelming evidence of this fact. I am nobility, not royalty. Nobility Serves Others. I have the completed and corrected Bible as proof. Never bow down to me, it is unholy. Only bow down to God, no one else.

The Prime Minister of Canada would like to legislate The Crown away with the stroke of a pen. It is my inheritance. My family were tobacco merchants worldwide.

China is creating green house gases using their factories to warm the polar cap. Vladimir Putin's ultimate goal is warm water ports for trade with North America and to completely open The Northern Sea Route. Iran's voice of God technology is also being used. Everything is Electromagnetic Spectrum based, photons for light to create images, chemical reactions and the portion of the Electromagnetic Spectrum known as radio, to make people hear voices.

The naive United States of America is doing warm air experiments in The Western Arctic that affects weather in Wisconsin. Vladimir Putin wants to be a Czar with the 4 traditional state religions. He will be friendly until he gets what he wants. Then he will be The New Hitler. He is consolidating power with the KGB, he has absolute power in Russia, can't be voted out and he's telling all his Former Soviet Union KGB friends, "I have absolute power and I'm not afraid to use it". The Bible says he will even go after "The Land of Decoration", Israel.

There will not be a United States of Russia as you imagine United States of America and The Vatican is with Satan, they will not be your credit card and they are lying about bailing you out if you need it. I know about your messaging to the Vatican, it was clear to me what you were thinking. You are deluded. I don't want you to be a bombed out 3rd world nation, so listen to my economic instructions, microeconomics and macroeconomics combined. God doesn't want His Children in the United States to have that fate. The Axis of Evil is The King of The North, you are part of The King of The South in Bible Prophecy. The false gods of The East must be humiliated and Western Culture must become richer than Dubai. Their gods are imaginary and can do nothing. Do not be afraid of anything. So saith The Daughter of Y'hayah, The Lioness of Yudah, Daughter and Prophetess of The Sacred Spirit and so saith God.

Global 9/11 involves Axis of Evil civilian aircraft and the same technology that was used to down The United States of America Stealth Drone will be used to down Western Culture civilian aircraft on autopilot. Intermediate Landing System (ILS) must not be used for now, Precision Approach Radar (PAR) only and maintain visual contact as much as possible for landing. No consumer electronics in aircraft washrooms at all, the same technology used for Internet over the wiring in your home has enabled terrorists to hack the grid and disrupt any electrical system. Critical components on aircraft must have their control panels coated with copper tempest shielding paint.

I require emergency medical assistance and world class security and I am asking The United Nations for help.

There is up to a 13 hour wait time at Montfort Hospital Emergency Ward in Ottawa,

Canada, hours until you reach the “quick assessment” Doctor. It’s a mini torture chamber and reflects the mind of Satan. I require powerful pain relief for my knees to walk normally, I was only given enough for slight relief with no refills so I will have to repeat the process and experience the extreme pain all over again. I require 5-10mg of morphine, I was given .5mg and only enough for a few days. I am love with mercy and a nurturing woman and experienced this along with many other people.

The United States and Canada asylum deal must be stopped or there will be no escape for people like me, geniuses in their field, a threat to evil people with power.

I have enough information to completely balance The World Economy by revitalizing The Economy of The United States of America.

I will have the prototype power bar that makes computers unhackable and the attenuation cable for DSL Modems that eliminates ramping on The Internet with me as proof.

This is not a joke, it is pure science and mathematics. I have 25 years of Biblical Research Experience and 15 years of Military Communications Research Experience.
